

## Specifications SMOK NOVO 4 KIT

NOVO4 Kit

A Star Is Born

That anything does a device a world of good is beloved by vapers. novo 4 reserves the delicacy and accessibility of the novo series and promotes itself to a functional pod system with something fresh, including the air-inlet ring facilitating customizing the flavor and vapor, the leak-proof coil design making the messy cleanup and liquid wasting a thing of the past, and the type-c port contributing to optimizing the charging efficiency. You will experience a gratifying vaping with novo 4 than any previous version. Innovation keeps changing the vaping experience!

# PLEASE YOUR EYES & TASTE SIMULTANEOUSLY

There is no one formula for innovation. novo 4 makes an immediate impact on the traditional pod system with all-around features, stylish appearance and compact style.

# FAST AND FUN TO ADJUST THE AIRFLOW

Scroll through air vents in different sizes by turning the air-inlet ring and find the value which satisfies your demand for the tightness of the flavor and thickness of the vapor most.

# TEXTURED ZINC ALLOY RELATED TO THE DURABILITY

With a certain hardness and toughness, novo 4 withstands the wear and collision in daily use.

## Everything is Ready with Clicking

The one-to-all button design fulfills a concise style. The distinction between the powering on, powering off and power adjustment is the frequency of clicking.

-  Click the Power button 5 times to power the novo 4 on/off
-  Click the Power button 2/3 times to start the power adjustment and every click increases 0.5W

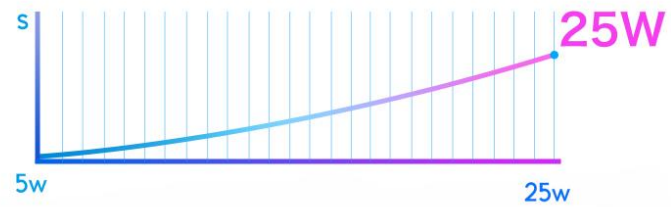

## ***Max 25 Watts***

Ranging from 5W to 25W, novo 4 is to cater to your picky taste whether you prefer a mild or strong one.

### Max 25

# Devote Yourself to a Fantastic Time

Recovering the thrilled novo 4 in 90min via a type-c 0.74A fast-charging port is magnificent to wind up your anxiety about lacking power.

≡ Type-C 0.74A

# It's Always Powerful

The integrated 800mAh battery leads you an enduring vaping any time of the day.

# COMPONENTS

## A WISH ABOUT 'NO LEAKAGE ANYMORE'

When inserting the coil into the pod, the added silicone ring on the bottom of the coil would fill the gap, effectively stemming the liquid leaking from the pod that results in a messy vaping experience or dirty hand.

☉ 3 silicone rings

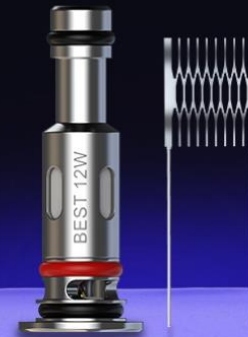

+ ∞ leakproof experience

***Wider Contact Area,  
Rapid Heating,  
Better Taste***

When the meshed coil gets in touch with the saturated cotton, delightful taste with smooth flavor and rich vapor arises spontaneously.

Weight (g)

Size: 93.5\*26.5\*17.7mm

Weight: 51.7g

Battery Capacity: 800mAh

Power Range: 5W-25W

Input Voltage: 3.3V-4.2V

Output Voltage: 0.5V-4.0V

Standby Current: < 50uA

Resistance Range: 0.4Ω-3.0Ω

Charging Current: Max 0.74A

Charging Voltage: 5V±0.2V

Overcharge Voltage: 4.3V±0.05V

Overcharge Current: 2A±0.6A

Overdischarge Voltage: 2.4V±0.05V

## THE KIT INCLUDES

#### U.S. Edition / Standard Edition

- 1 x novo 4 Device (800mAh)
- 1 x novo 4 Pod (LP1 Meshed 0.8Ω Coil Preinstalled) (2ml)
- 1 x LP1 DC 0.8Ω MTL Coil
- 1 x Type-C Cable
- 1 x User Manual

#### EU 2ml Edition

- 1 x novo 4 Device (800mAh)
- 1 x novo 4 Empty Pod (2ml)
- 2 x LP1 Meshed 0.8Ω Coils
- 1 x Type-C Cable
- 1 x User Manual

#### EU Standard Edition

- 1 x novo 4 Device (800mAh)
- 1 x novo 4 Empty Pod (2ml)
- 2 x LP1 Meshed 0.8Ω Coils
- 1 x Type-C Cable
- 1 x User Manual

## INTELLIGENT DETECTION

Smart detection helps to better understand the device status.

Pod Detection

Short Circuit Protection

8 Seconds Cut-off

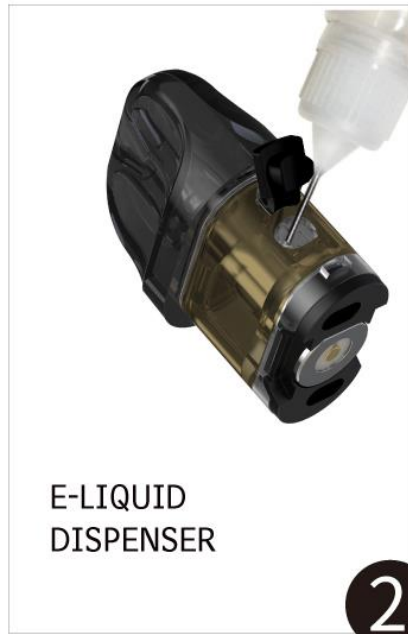

Low voltage protection

# HOW TO FILL WITH E-LIQUID

Do not inhale immediately after filling the pod. Let it stand for several minutes to get the cotton completely saturated.

1. Open the slot on the pod by pulling back the rubber plug.
2. Inject up to 2ml/ 0.07 fl oz of e-liquid into the slot and press the rubber plug back carefully and firmly.
3. Firmly push the pod back into the novo 4 device.
4. Wait 2-3 minutes before vaping.

## LP1 COIL INTRODUCTION

### LP1 Meshed 0.8Ω Coil (Included)

Work on a leak-proof vaping experience  
Meshed coil for a softer flavor  
Best: 12W

### LP1 DC 0.8Ω MTL Coil (Included)

Work on a leak-proof vaping experience  
Less vapor and intense flavor  
Wattage: 12-25W

### LP1 Meshed 1.2Ω Coil (Sold Separately)

Work on a leak-proof vaping experience  
Enlarged contact area for better atomization  
Wattage: 10-15W

## NOVO 4 POD INTRODUCTION

### novo 4 Empty Pod Transparent Black

2ml

### novo 4 Empty Pod Transparent (Sold Separately)
